"ABUKAI's app/service is by far the BEST and EASIEST accounting app I have ever seen. All I have to do is take pictures and you guys do all the rest, i.e, keep copies of all my receipts, process and input all receipts by category into an excel spreadsheet, etc. I literally just forward over my excel monthly reports along with my PDF receipts over to my CPA. This saves me at least 100 hours per year of things I don't need to spend my time doing."
