

The quickest & easiest way
to create expense reports

Entertainment: ABUKAI Expenses saves artists, entertainers, and their crew and staff, countless hours on paperwork

ABUKAI provides a great way for artists and their crew to keep track of their expenses. Artists should spend their time creating and not keeping track of receipts for merchandise, marketing, studio fees, materials, equipment, or transportation.

PC Magazine Award-winning, **ABUKAI Expenses** eliminates all the cumbersome work associated with creating expense reports including typing data from receipts, categorizing expenses and looking up exchange rates.

Step 1. Simply take a picture of each receipt while on the road, at home or in your office.

Step 2. Press "Submit" whenever you are ready.

Users will receive their finished expense report with cost categorization, date, vendor, amount and all the other information already filled in. In only 2 steps! Instead of having to manually enter each expense entry, with ABUKAI Expenses, users only need to take a picture of the receipt anywhere they go. ABUKAI works anywhere - back stage, in the shop, or studio so that entertainers no longer end up procrastinating on the necessary paperwork. The resulting expense reports can then easily be forwarded on to the accountant or other finance person for book keeping.

ABUKAI works well for individuals and teams of all sizes. For larger crews, ABUKAI also offers corporate accounts, expense approval tracking, and direct integration with accounting, entertainment budgeting or project-tracking software, or other systems. Custom reporting capabilities and report formats are also available.

"Abukai just works, and saves countless hours of work. I had a significant amount of older expenses from the last several months and it just worked. Just take a picture of a receipt and the report produced is accurate, ordered and invaluable to assess taxes. I really appreciate the service."
